RE: Request for Partnership in Provision of Wheelchairs for Children with Disabilities

Dear Director,

I am writing to you on behalf of Brook of Healing Centre, a Christian clinic and community-based training institution in Machakos, Kenya.

We have been conducting medical outreach programs and continue to encounter many children and youth with disabilities who urgently require mobility aids. We admire the impact CURE Kenya has made in transforming the lives of children through both surgical and support services.

We are reaching out to request if CURE Kenya may consider donating or helping us access wheelchairs or mobility devices to assist those who are otherwise isolated and immobile.
